“We had an ongoing problem with soap dripping in our residents’ bathrooms. However, when we were introduced to Altra the problem was solved! No drips, no mess, and we realized huge cost savings!”

Rittenhouse Senior Living | Middletown, OH

Altra dispensers contain **IONPURE** an antimicrobial agent approved by the FDA, EPA, and NSF

Altra Hand Wash & Sanitizer Dispenser Guide

1

Hidden Lock Feature

- ✓ Place your finger on the M located on the top of the dispenser faceplate.
- ✓ Then push down to unlock the cover. You must push down and hold while folding down the cover towards you.
- ✓ To lock the dispenser simply close the cover and it will automatically lock back.

2

Key Feature

- ✓ To open the dispenser using the key feature, the key is located within the dispenser housing, remove the key from the dispenser and insert the key into the M located on the top of the dispenser face plate.
- ✓ Then push down to unlock the cover. You must push down and hold while folding down the cover towards you.
- ✓ To lock the dispenser simply close the cover and it will automatically lock back.

Loading the Dispenser with Solution Bag.

1. To properly load the dispenser, take a new solution bag, holding onto its grey retaining ring and slide the bag into the dispenser housing until the bag is fully seated.
2. Use the arrows and lines on the ring as guides for the bag placement.
3. Then remove the red shipping clip from the bag.
4. Tuck any excess bag material into the dispenser, and close the dispenser cover.
5. Test if the bag is seated correctly by pressing the dispenser lever.
