MasVida Durable Medical Equipment (DME) We Make Medical Equipment Rental Simple

- ✓ **Reliable equipment delivery:** Enjoy quick and reliable same-day delivery of medical equipment orders.
- ✓ **We meet all your DME needs:** Our wide selection of basic and advanced medical equipment (standard DME, oxygen cylinders, NPWT, respiratory/vents) covers all of your healthcare needs.
- ✓ **Easy-to-use portal:** Our user-friendly portal helps you effortlessly manage all your rentals in real time.

Basic and Advanced Medical Equipment:

Medical Oxygen Therapy

Negative Pressure Wound Therapy (NPWT)

Respiratory Therapy

Durable Medical Equipment

Our Promise:

Reliable. Transparent. Consistent. Effective.

Reliable

Our guaranteed same-day delivery, rigorous equipment and product evaluations, and leading infection prevention protocols ensure you will receive the best equipment at the right time.

Transparent

Our quarterly business reviews (QBRs) and online equipment portal ensure you are never in the dark with your spend and utilization.

Consistent

Never worry if your medical equipment or facility hygiene provider will show up when you need them the most. We ensure all customers are fully equipped to treat their residents and support their staff—especially in emergencies.

Effective

We supply you with best-in-class equipment and industry-leading facility hygiene products. As a OneSource provider you will always have the products you need when you need it the most.

Medical Oxygen Therapy

We make oxygen rental and refill simple and easy.

- ✓ Scheduled deliveries: weekly, bi-weekly, or monthly.
- ✓ Faster delivery for emergency orders.
- ✓ Set-up and stored in designated area.
- ✓ Empty tanks picked up with full tank delivery.
- ✓ No hidden fees such as weekend delivery fees or HAZMAT fees.

Negative Pressure Wound Therapy (NPWT)

Better wound care in less time.

- ✓ Simple, transparent bundled solutions for one low rate.
- ✓ Order supplies as needed – typically shipped same day.
- ✓ Faster healing – better outcomes.
- ✓ Decreases the chance of wound infections.
- ✓ Shortens LOS.

Respiratory Therapy

Reliable and robust respiratory equipment.

- ✓ Package your supplies with your rental for a predictable daily rate.
- ✓ 24/7 certified on-staff clinical respiratory therapists available.
- ✓ A Director of Clinical Respiratory Services will be assigned for oversight and supervision of all clinical respiratory services provided by us.
- ✓ Training on all provided equipment needed for respiratory therapy services.
- ✓ Consistent equipment maintenance to prevent CMS compliance issues.

Durable Medical Equipment (DME)

Our DME rental is reliable, fast, and easy.

- ✓ All our equipment is best-in-class.
- ✓ Our online portal technology increases operational efficiency and improves your bottom-line.
- ✓ OneSource: Consolidate your many vendors to one single point of contact for all your DME.
- ✓ Reliable. Fast. Easy. We provide a turn-key approach from ordering and delivery to maintenance and pick-up.

- ✓ **One invoice:** Predictable, consistent billing. Transparent costs evaluated quarterly at QBRs.

Disinfect

Hand Hygiene

Keep Your Residents and Staff Safe and Healthy

From disinfection of sporicidal CDI's to MRSA or Candida Auris, our Altra products disinfects effectively with options for the dynamic microbial environment across the continuum of care. Altra disinfectant cleaners are powerful, effective products that are EPA registered and meet the OSHA bloodborne pathogen standard.

Disinfecting Tablets

Altra Disinfecting Tablets help reduce cross-contamination on hard, non-porous hospital surfaces by acting against a broad spectrum of microorganisms.

One Disinfecting Wipes

Altra One Disinfecting Wipes are intended for use on hard non-porous surfaces in hospitals and healthcare settings, nursing homes, dental offices, and doctor's offices.

Hand Hygiene Products People Want to Use

MasVida understands the importance of hand hygiene acceptance and manufactures products that healthcare workers want to use. Your hands will pick our products. Hand hygiene noncompliance is a major factor contributing to healthcare-associated infections (HAIs), but it is also one of the easiest practices to improve. Through clinical evaluation, our hand hygiene partner, Altra, consistently proves to be the preferred choice of healthcare workers due to the unique gentleness of the product.

Antimicrobial Foaming Hand Wash

A formulated with 0.3% PCMX that reduces common disease-causing bacteria. It contains aloe and vitamin E in a rich, luxurious foam with no residue left behind.

Foaming Hand Sanitizer

A rich foaming, waterless hand sanitizer that reduces common disease-causing bacteria. It is formulated with 62% w/w (70% v/v) ethyl alcohol, aloe, and vitamin E leaving no residue behind.

Hand Sanitizer

A gel hand sanitizer that reduces common disease-causing bacteria. It is formulated with 62% w/w (70% v/v) ethyl alcohol, aloe, and vitamin E less likely to contribute to dry hands – even with repeated use.

Green Certified Foaming Hand Wash SMT

A hand cleaner for general hand washing use that is biodegradable, free of all dyes, and certified by Green Seal to meet the GS41 standard

Clean

Floor Care

Dynamic, Robust, and Effective Cleaning Solutions

MasVida chemicals do not contain potentially hazardous ingredients including butyl, solvents, and alcohol bases. They are formulated for sensitive continuum of care equipment, patients, visitors and staff. Our sustainable cleaning program can be customized to fit your hospital's needs, including space, cost, and security requirements.

Carpet Spotter

A effective on both oil and water-based carpet stains.

Extraction Cleaner

A low foaming, and leaves no residue to promote the re-soiling of carpet fibers

Glass Cleaner

A true dilutable glass cleaner for use on computer screens, lab equipment, glass, windows, mirrors, Plexiglas and other surfaces.

Heavy-Duty Cleaner

A highly concentrated cleaner designed to remove general soils, organic proteins, and food residues from surfaces.

Multi-Purpose HP Cleaner

A patented all-in-one solution for cleaning healthcare facilities without stocking multiple products.

Muscle Cleaner

A spray-and-wipe, concentrated, non-solvent based heavy-duty cleaner for use on walls, fixtures, equipment, and other hard surfaces.

Odor Counteractant

A true "on contact" odor killer. When sprayed directly onto the source it reacts with odor-causing material, neutralizing it.

Tub Tile Bowl

A heavy-duty foaming acid cleaner designed to remove tough hard deposits, spots, and bacteria on various restroom surfaces on which acid can safely be used.

Proven to Standardize Floor Care and Increase Efficiency

The MasVida Floor Care Program is built on high-quality floor finishes and floor strippers that are proven to standardize floor care and increase efficiency. Altra Antimicrobial Floor Finish is the only floor finish that combines Microban® technology and alcohol resistance, reducing the growth of a broad spectrum of bacteria on floors and preventing damage from dripping hand sanitizer dispensers.

Altra Lite Applicator

Compatible with Altra proportioning systems, the Altra Lite Applicator promotes efficiency and reduces worker fatigue with its ergonomic design

Altra Preserve

Altra Preserve is a strip-free floor coating formulated to extend the life of specialty flooring, including LVT. It protects the floor, creating a soft, more natural look.

Antimicrobial Floor Finish

Altra Antimicrobial Floor Finish utilizes Microban® antimicrobial technology, providing 24/7 protection to help inhibit the growth of bacteria on floors.

Floor Finish

Altra Floor Finish maintains its high gloss finish with minimal maintenance and utilizes Microban® technology to reduce the overall bacterial load, keeping floors cleaner, longer in your facility.

Floor Stripper

Altra Low Odor Floor Stripper is designed for use in acute facilities. Its low odor and low VOC chemistry is the best, most efficient option for areas frequented by patients and staff members.
