

We Make Healthcare Facility Hygiene Better™

We deliver value while reducing costs.

Most healthcare providers are familiar with Group Purchasing Organizations (GPOs). The key reason for being a member of a GPO is to save money. OneSource Healthcare Solutions works like a (GPO) we help save money while improving the care experience through our value-added services. We provide a customizable, bundled service approach for hand hygiene, cleaning, odor elimination, and infection prevention.

Healthier Spaces. Healthier People.

Why Choose MasVida for Your Facility Hygiene?

Reliable. Consistent. Trusted.

Same-day Delivery Guaranteed.

Never worry about when your medical equipment will arrive. You'll never have to delay a hospital discharge or turn a patient away. We deliver all of our equipment same-day, guaranteed.

Robust Disinfection Protocol

Our equipment arrives ready for use and is thoroughly cleaned and disinfected. All returned equipment is sanitized and disinfected, to ensure that it is ready for immediate use upon arrival at your facility.

Routine Maintenance

To maximize the best patient experience, we routinely maintain equipment to ensure peak performance and reduce issues during operation.

Bundled Rentals + Supplies

Get great, affordable rates when you bundle your supplies with your medical equipment rentals. Your staff will always have what they need, when they need it, to get the best outcomes.

Hand Hygiene Solutions

Hygiene products people want to use.

Hand hygiene compliance is a major factor in Healthcare-Associated Infections (HAIs), but it is also one of the easiest practices to improve. Altra dispensers have large sight windows for checking product levels, can come with hidden locks and keys, and may be customized with your logo, message, and color.

Cleaning Solutions

Reduce HAIs and maintain high cleaning standards for a fraction of the cost.

Proportioning System

The Altra Proportioning System is designed for Environmental Services (EVS) personnel and the challenges they face in healthcare facilities. Our proportioning systems are user-friendly and cost-effective for all healthcare facilities with economically and ecologically friendly products. To ensure high cleaning standards, we customize each program by evaluating the facility's space availability, budget, and whether or not products will need extra security.

Floor Care System

Healthcare floors can be a breeding ground for bacteria. Developing a floor care program that inhibits bacteria growth on floors and combats all forms of wear and tear can help keep your facility cleaner and looking its best. As an exclusive provider of Altra, our Hard Floor Care Program includes floor finishes infused with antimicrobial product protection and alcohol-resistance to meet the highest standards of cleanliness in any healthcare facility.

Odor Elimination

Keep your facility smelling fresh for your staff, residents, and visitors.

Altra Odor Counteractant is a true "on contact" odor killer. When sprayed directly onto the source, Altra Odor Counteractant reacts with odor-causing material, neutralizing it. Altra Odor Counteractant's unique formulation contains no perfume to cover or mask odors. Altra Odor Counteractant is the prescribed choice for acute care hospitals, long-term care facilities, medical office buildings, and other facilities. Neutralizing odors will create a pleasant environment for patients, staff, and visitors.

Infection Prevention (MViP)

Better coverage. Healthier spaces.

We provide a comprehensive, customized infection prevention program to reduce the risk of contamination and transmission of germs in your facility. A complete OneSource solution bundled together for together for massive cost savings.
