

We Keep Healthcare Healthy

We make medical equipment rental simple and facility hygiene better.

- ✓ **We make DME and facility hygiene management easy:** One report, one provider, one invoice. We make managing your DME and facility hygiene easy, simple, and cost effective.
- ✓ **Never worry if your equipment will be there:** We provide same-day delivery, guaranteed, on all products and solutions to Texas, Oklahoma, and Louisiana. This includes 24/7 emergency deliveries.
- ✓ **Complete transparency on all your spend:** Our online portal shows all utilization and spend at a glance. You'll always be in the know.

OneSource: Your Single Source for Same-day DME Delivery and Better Facility Hygiene

One report. One provider. One invoice.

- ✓ **One report:** Our online portal is open source, allowing integration into DSSI and PPC. See all your rentals, oxygen, NPWT, and facility hygiene spend in one easy-to-use dashboard.
- ✓ **One provider:** End the frustration with managing multiple vendors. We are one provider for all of your medical equipment and facility hygiene needs.
- ✓ **One invoice:** Predictable, consistent billing. Transparent costs evaluated quarterly at QBRs.

Our Promise:

Reliable. Transparent. Consistent. Effective.

Reliable

Our guaranteed same-day delivery, rigorous equipment and product evaluations, and leading infection prevention protocols ensure you will receive the best equipment at the right time.

Transparent

Our quarterly business reviews (QBRs) and online equipment portal ensure you are never in the dark with your spend and utilization.

Consistent

Never worry if your medical equipment or facility hygiene provider will show up when you need them the most. We ensure all customers are fully equipped to treat their residents and support their staff—especially in emergencies.

Effective

We supply you with best-in-class equipment and industry-leading facility hygiene products. As a OneSource provider you will always have the products you need when you need it the most.
