

# Healthier spaces. Healthier people.

## Introducing the MasVida Infection Prevention and Cleaning Program (MViP)

Serving senior care communities for more than 20 years.

We believe the highest color standard of clean is green. We're committed to sustainability and environmentally responsible products and services. Whether it's fleet corporations, non-profits, healthcare facilities, schools, or transportation, you'll find our corporate MViP Health-e Program and protocol meet or exceed quality expectations and performance.

### Educate Your Team

Train your team on IPC and cleaning best practices through our on-demand course developed by industry experts.

### Execute Your Program

Equip your team with safe cleaning products and the best intelligent electrostatic sprayers on the market.

### Evaluate Your Progress

Ensure your facilities are truly clean by using the best technology and software to evaluate your space.
